

AMT graduates that join staff immediately enter a fundraising season we call Ministry of Partnership Development (MPD). We begin this season with a thorough fundraising training seminar to provide understanding of the spiritual and practical aspects of raising up a team of financial partners for the longevity of our ministry career. After the seminar, the director of MPD, Jessica Lattimore, continues to disciple and encourage our new staff members until they are fully funded. In the past, we have sent our missionaries to a third-party training seminar called Bootcamp, but this year we developed and hosted our own near our World Headquarters in Cocoa, FL! (picture above). This was a huge stepping stone for the MPD department. As a result of hard work by our missionaries and director, we have seen a 42% increase in 2017 of fully-funded staff members compared to 2016.
